## 1. PRODUCT AND COMPANY IDENTIFICATION

Company

The Greenstreak Group, Inc.  
3400 Treecourt Industrial Blvd  
St. Louis, MO 63122

Information: 800 325 9504

**Greenstreak Product: FUKO Injection Hose**

---

## 2. COMPOSITION/ INFORMATION ON INGREDIENTS

**Chemical characterization:**

Product based on compounded polyvinylchloride (PVC), containing plasticizer; contains in bounded form:  
Plumb connections, Code letter: T, content >0,5%, R-phrases: 61 ; 20/22 ; 33 ; 62 ;  
Di(2-ethylhexyl)phthalate, Code letter: Xn, content >5%, R-phrases: 62; 63

---

## 3. HAZARDS IDENTIFICATION

**Identification of hazard:**

Labelling of the product is not required for further transport

**Information concerning hazards for man and environment:**

No-one known at proper use. Thermal decomposition at high temperatures.

This classification system complies with the current EC-lists and company information.

---

## 4. FIRST AID MEASURES

None applicable if stored and used according to specification

---

## 5. FIRE FIGHTING MEASURES

<b>Suitable extinguishing media:</b>	Water spray, foam, CO <sub>2</sub> (Carbon Dioxide), extinguishing powder, sand
<b>Non-suitable extinguishing agent (for safety reason):</b>	Not applicable
<b>Particular hazards caused by the substance, combustion products or developing gases:</b>	Toxic and irritant burnt gases can form in case of fire
<b>Special Protective equipment:</b>	Wear self-contained breathing apparatus in case of fire. Follow the standard safety measures for handling chemicals in case of fire.
<b>Further details:</b>	Dispose fire delays and contaminated delecting water in accordance with local and official regulations

---

## 6. ACCIDENTAL RELEASE MEASURES

<b>Personal precautions:</b>	Not applicable if used and stored according to specifications
<b>Environmental precautions:</b>	Not applicable if used and stored according to specifications

---

## 7. HANDLING AND STORAGE

<b>Handling:</b>	
<b>Directions for safe handling:</b>	No special measures necessary if used and stored according to specifications
<b>Directions to prevent fire and explosions:</b>	Protect from heat and sources of ignition; no smoking; PVC is a combustible solid
<b>Storage:</b>	
<b>Requirements for warehouses and containers:</b>	Store at room temperature
<b>Further information for storage conditions:</b>	Not applicable

---

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

<b>Engineering control measures:</b>	Provide for good ventilation
<b>Occupational exposure limits:</b>	not applicable if used and stored according to specifications
<b>Personal protective</b>	Not applicable if used and stored according to specifications

*equipment*

**Breathing protection:** Provide for good ventilation during storage and working

**Body protection:** Normal working clothes.

**Hygiene at working place:** Keep away from food and beverages, wash hands before breaks and at the end of working day. Do not eat, drink or smoke during working.

---

## 9. PHYSICAL AND CHEMICAL PROPERTIES

**Physical state:** firm  
**Color:** yellow  
**Odor:** not applicable

*Value / Unit*

**Change in condition:** Not determined.  
**Density (at 20°C):** > 1 g/cm<sup>3</sup>  
**Solubility in water (at 20°C):** Not soluble  
**pH-value (at 20°C):** Not applicable

---

## 10. STABILITY AND REACTIVITY

**Conditions and substances to avoid:** No-one if used and stored according to specifications; decomposition when warming up; prevent sources of ignition, open flames and heat.

**Hazardous decomposition products:** No-one if used and stored according to specifications; toxic and irritant burnt gases can form in case of fire.

---

## 11. TOXICOLOGICAL INFORMATION

**Acute toxicity:** According to our experiences and information, the product doesn't cause any harmful effects if handled and used according to specifications. The containing plumb connections are not bio available in this presented form.

**Additional information:** Not applicable

---

## 12. ECOLOGICAL INFORMATION

Degradability:	Not determined
German water endangering class (WGK):	Not water-polluting (VwVwS)
Details for elimination:	Not determined. The product is no more polymerized. Due to the composition as well as to the water insolubility of the product, a bioavailability is not probable. Negative environmental toxic effects are not known and not expected after today's knowledge.
Further ecological information:	Do not release product into environment.
Further ecological data:	Not available.

---

### 13. DISPOSAL CONSIDERATIONS

**Product:**

**Recommendation:** If recycling is not possible, disposal in accordance with local and official regulations.

**Uncleaned packaging**

**Recommendation:** Disposable in accordance with local and official regulations.

---

### 14. TRANSPORT INFORMATION

**Land transport**

**Sea transport** Non hazardous goods according to transport regulations

**Air transport**

---

### 15. REGULATORY INFORMATION

**Identification according to EC directives  
Relevant component for hazardous goods  
labelling:**

Labeling of the product is not required for further transport

**National regulations**

**German WGK** Not water-polluting (VwVwS)

---

### 16. OTHER INFORMATION

Relevant code letter and hazard designation of the product, see section 2:

- R 20/22 Harmful by inhalation and if swallowed
- R 33 Danger of cumulative effects.
- R 61 May cause harm to the unborn child
- R 62 Possible risk of impaired fertility
- R 63 Possible risk of harm to the unborn child

Changes in comparison with the previous version are marked at the margin with a line  
*The information of this MSDS is based on the present state of our knowledge. The users working conditions are beyond our knowledge and control. The product is not to be used for other purposes than those specified under section 1 without first obtaining written handling instruction. It is always the responsibility of the user to take all necessary steps in order to fulfil the demand laid down in the local rules and legislation. The information in this MSDS is meant as a description of the safety requirements of our product and is not to be considered as a guarantee of product properties.*
